WALLYTENDER 48

14.50M (47'7") | WALLY | 2022

WELCOME ONBOARD

The wallytender48 embodies Wally's values, prioritizing outdoor living and closeness to the water. It's an evolved version of the 45-foot model, maintaining essential proportions with a heightened bulwark. Piloting is a pleasure, facilitated by joystick controls and efficient fender systems. Powered by Volvo Penta IPS 650 drives, it reaches top speeds of 38 knots and a cruising range of 300 nautical miles. Enjoy comfort with minimal slamming, courtesy of the vertical bow and automated interceptors.

INTERIORS

An expansive and lavish flush deck invites guests to indulge in comfort, lounging on plush sunpads or seats that extend from the forward lounge to the spacious cockpit. Adjustable backrests provide versatility, allowing you to shift attention from the dining table and galley unit to the sunpad. Meanwhile, Wally's iconic aft wings, often imitated, fold down to optimize the entertaining space. Similar to all wallytenders, this vessel is designed and outfitted to accommodate overnight stays.

Below deck, you'll find an exceptional double suite within a cabin that artfully blends the inviting hues of teak with carbon accents, leather, and exquisite upholstery. The cabin also features a shower room and ample clothing storage, setting you up for a comfortable weekend getaway.
